

INSTRUCTIONS FOR USE

Allergoff Spray

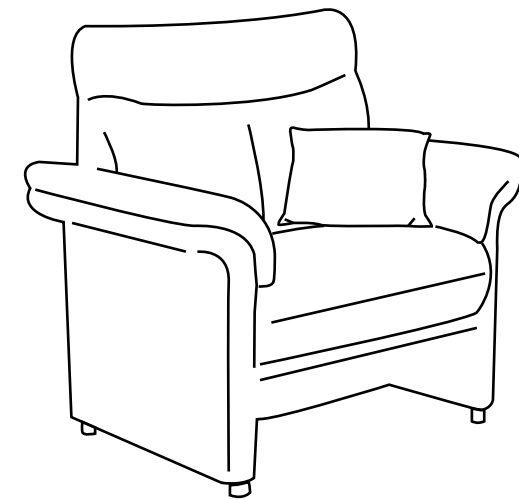

kæferling æ

APPLICATION

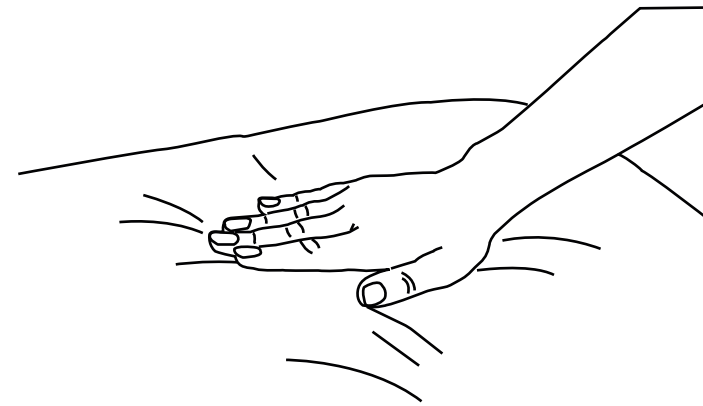

1. Select the place of use:

Select the desired place of use, e.g. sleeping areas, quilts and cushions, upholstered furniture, carpets and rugs, curtains, soft toys, car upholstery and child seats as well as pet beds.

2. Prepare the area:

Make sure that the surfaces that are to be treated are clean and dry.

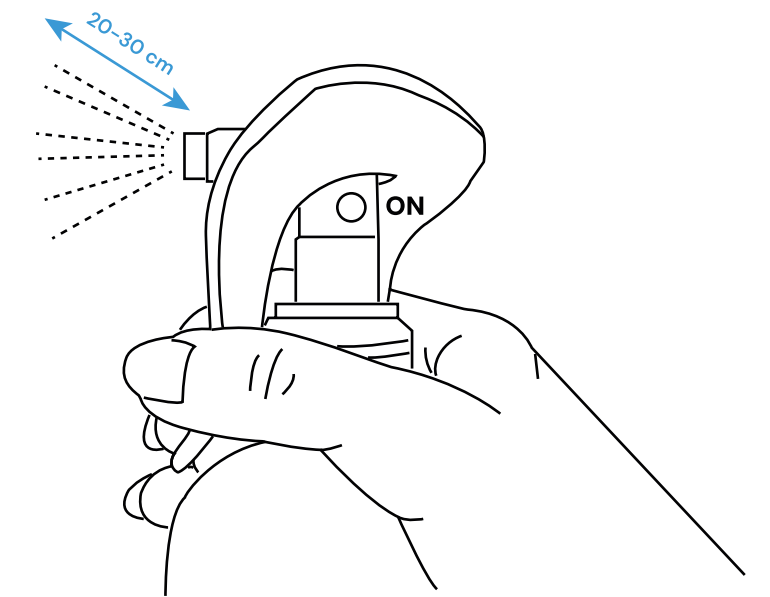

3. Shake well:

Shake the bottle vigorously before use so that the active ingredients are evenly distributed.

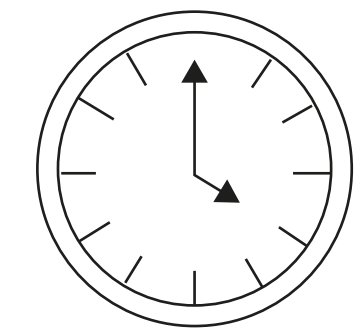

4. Spraying:

Hold the bottle about 30 cm from the surface and spray evenly until the surface is slightly damp.

5. Allow to dry:

Allow the treated surfaces to dry completely before using them again.

Repeat:

- To ensure a continuous effect, repeat the application every 6 months or more frequently if necessary.
- You can protect up to 20 mattresses or 40m² of surface area against mites with just one bottle.

Important:

- You do not need to vacuum the treated surfaces after using the spray. Simply allow the product to dry to achieve the best results.
- It may happen that the spray head becomes clogged. If this happens, unscrew the spray head from the bottle and rinse both the spray head and the tube with lukewarm water. The spray head is then free again and can be refitted.

SAFETY INSTRUCTIONS

- Only use the product as directed and follow the directions in the instructions for use for external use only.
- Do not apply directly to the skin of humans or animals.
- Strictly avoid contact with skin, eyes, mouth, nose and throat.
- In case of contact with skin, eyes, nose or throat, rinse with plenty of water for 10 to 15 minutes. If irritation persists, consult a doctor or pharmacist.
- Do not use if you are allergic to any of the ingredients.
- Do not use after the expiry date indicated on the packaging.

STORAGE

- Please keep out of reach of children.
- Store the product at a temperature between 5 and 40 degrees Celsius.

WASTE DISPOSAL

Dispose of the empty bottle in accordance with local waste disposal regulations.

COMPOSITION

Hypromellose, poly(vinyl alcohol), citric acid, isopropyl myristate, benzyl benzoate, colloidal silicon dioxide
