

Instructions for use

Allergoff Wash

Contents of the package:

- Allergoff Wash detergent against mites, fleas, pollen, pet allergens etc.

Composition:

- Benzyl alcohol, benzyl benzoate, less than 5% (w/w) non-ionic surfactants, anionic surfactants
- Sulfosuccinic acid bis-(2-ethylhexyl ester), sodium salt

Preparation:

- **Sorting laundry:** Sort the laundry by color and material as you normally would.

Application:

- **Open Allergoff Wash:** Use the small incision on the packaging of Allergoff Wash to carefully open the package.
- **Mix with 20 liters of water:** Mix the contents of the Allergoff Wash package with 20 liters of water in a wash tub. Mix well for best results.
- **Soak up to 5kg of laundry:** Soak up to 5kg of laundry in the solution for 30 minutes.
- **Wash at up to 60 degrees:** Place soaked textiles in the washing machine. Wash with the minimum amount of regular detergent.
- It is recommended to repeat the washing process.

Tip: Alternatively, you can also add Allergoff Wash detergent directly to the pre-wash compartment of your washing machine to save time. Also pour your regular detergent into the compartment provided. Now select the desired wash program including pre-wash and start the washing cycle.

Additional information:

- Depending on the severity of the allergy and the infestation, we recommend multiple applications.
- Use the product in combination with Allergoff mite spray for comprehensive mite control.

Safety instructions:

- Avoid contact of the wash gel with eyes and mouth.
- Please keep out of reach of children.
- In case of skin contact, wash with soap and water. In case of eye contact, rinse thoroughly with water and consult a doctor.

Storage:

- Store the product in a cool, dry place and protect it from direct sunlight and frost.

Waste disposal:

- Dispose of the empty packaging in accordance with local waste disposal regulations.
