

INSTRUCTIONS FOR USE

Novokill

Fruit Fly traps & baits

 kæferling æ

APPLICATION

1. Open the packaging:

Open the packaging and remove the fruit fly trap and the attractant.

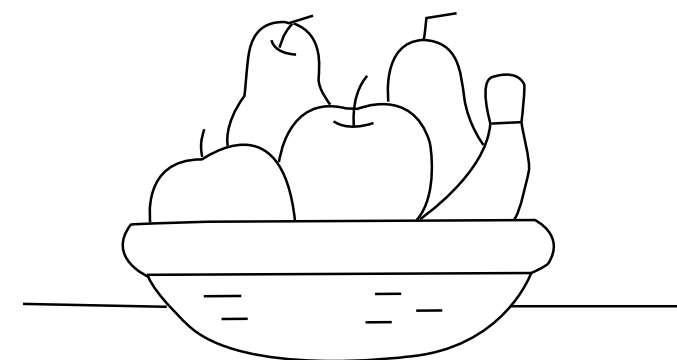

2. Pour in the attractant:

Remove the lid of the trap and pour 15ml of the attractant into the trap.

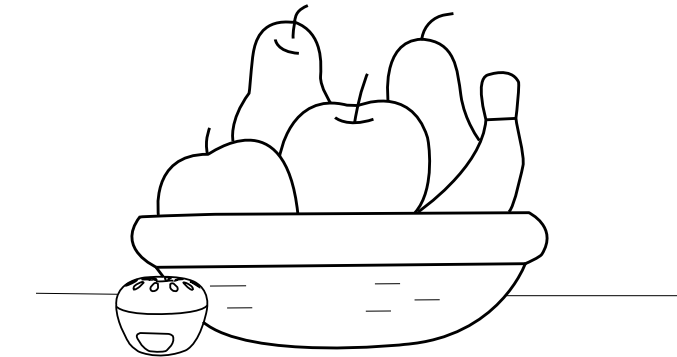

3. Selecting a location:

Place the trap in the kitchen or near areas where you've observed fruit flies frequently, such as fruit bowls, garbage cans or sinks.

4. Positioning:

Make sure that the trap is placed on a stable, level surface and cannot tip over.

5. Regular checks:

Check the trap regularly and replace the attractant when it becomes less effective, but after 50 days at the latest.

6. Replacing the attractant:

If necessary, you can purchase additional attractant to prolong the effectiveness of the trap.

SAFETY INSTRUCTIONS

- The attractant is non-toxic, but you should avoid contact with eyes and skin.
- Keep out of the reach of pets and children.
- Wash your hands thoroughly after handling the trap and the attractant.

STORAGE

Store the trap and the attractant in a cool, dry place and protect them from direct sunlight and frost.

WASTE DISPOSAL

Dispose of the used product in accordance with local waste disposal regulations.
