

Instructions for use

Novokill Ant Bait Station

Contents of the package:

- Novokill bait cans for combating ants indoors & outdoors

Composition:

- Imidacloprid

Preparation:

1. **Open the packaging:** Open the packaging and remove the ant bait cans.
2. **Activate:** Fold over the tabs on the bait boxes to activate them.

Placement:

3. **Site selection:** Choose areas where ants are active. Suitable locations are:
 - Near ant nests
 - Along ant trails
 - Near doors, windows and other access points
4. **Placement:** Place the bait boxes flat on the floor or on a flat surface. Make sure that the bait boxes are not blocked and that the ants have unhindered access.

Monitoring:

5. **Replacement:** Replace the bait boxes when they are empty.

Important: The bait can contains a poisonous liquid. Keep the bait cans not only out of the reach of children and pets, but also make sure that they are inaccessible to them when in use.

Safety instructions:

- Avoid contact of the bait can with skin and eyes.
- Keep out of the reach of children and pets.
- Wash your hands thoroughly after handling the bait cans.

Storage:

- Store the bait tins in a cool, dry place and protect them from direct sunlight and moisture.

Waste disposal:

- Dispose of the empty tins in accordance with local waste disposal regulations.
