

PEST TRAP PRO XL

Issue: 02/10/2019
Revision: 17/11/2025
Version: 11.1.

SECTION 1: IDENTIFICATION OF THE MIXTURE AND OF THE COMPANY

1.1 Product Identifier

Product name: Novokill Pest Trap PRO XL

1.2 Relevant identified uses of the mixture and uses advised against

Glue trap and monitor for crawling Insects. For Consumer and Professional use. Non-poisonous.

1.3 Details of the supplier of the safety data sheet

Company: Agrezor International GmbH

Address: Luxemburger Strasse 79-83

City: Huerth

Country: Germany

Telephone: +48 2233 8058042

E-mail: info@agrezor.com

Website: www.agrezor.com

1.4 Emergency telephone number

Poison Center +49 0228 19240 or your local Emergency Number

SECTION 2: HAZARD IDENTIFICATION

If used correctly and with current available data, it poses no danger to human health.

2.1 Classification of the mixture

According to Regulation (EU) No. 1272/2008 (CLP):

The mixture is not classified as hazardous to human health.

2.2 Label elements

Labeling according to Regulation (EU) No. 1272/2008 (CLP):

Hazard statements: No hazard statements.

Precautionary statements: No precautionary statements.

2.3 Other hazards

The product has no other known specific hazards for human or environment.

Results of PBT and vPvB assessment: This mixture does not contain any components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1 % or higher in accordance with Annex XIII of Regulation 1907/2006/EC.

Endocrine disrupting property: The mixture does not contain any components considered to have endocrine disrupting properties in accordance with Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1 % or higher.

SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

3.1 Substances

Not applicable.

3.2 Mixtures

The product contains no classified components, no substances considered to be hazardous to health or to the environment or its concentration does not reach the level specified in the relevant legislation no workplace exposure limits, and no PBT/vPvB substances.

Name	Identifiers	Concentration
Polybutene	CAS No. 9003-28-5 / EC No. 618-361-3	80%
Petroleum resins	CAS No. 64742-16-1 / EC No. 265-116-8	20%

SECTION 4: FIRST AID MEASURES

4.1 Description of first aid measures

Eye contact:

Rinse thoroughly with plenty of water for at least 15 minutes while keeping eyelids open. Consult an ophthalmologist.

Skin contact:

Wash exposed skin with soap and plenty of water. If irritation persists, seek medical attention.

Ingestion:

If swallowed, rinse mouth with water if the person is conscious. Seek medical attention.

Inhalation:

Move to a well-ventilated area. Seek medical attention if necessary.

4.2 Most important symptoms and effects, acute and delayed

No known health effects attributable to the product.

4.3 Indication of any immediate medical attention and special treatment needed

No special treatment needed; treat symptomatically.

SECTION 5: FIRE-FIGHTING MEASURES

5.1 Extinguishing media

Suitable: CO₂, dry chemical powder, foam, or water spray (mist).

Unsuitable: Do not use direct water jets.

5.2 Specific hazards arising from the mixture

Carbon oxides may form from combustion or heat exposure. Avoid smoke inhalation.

5.3 Advice for firefighters

Wear self-contained breathing apparatus and protective clothing.

Fires in confined spaces must be fought by trained personnel using approved breathing equipment.

SECTION 6: ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment, and emergency procedures

Use protective equipment. Keep people away. Ensure adequate ventilation. Prevent inhalation.

6.2 Environmental precautions

Prevent product from reaching drains.

6.3 Methods and material for containment and cleaning up

Mix with inert material (e.g., dry sand or vermiculite). Transfer to a dry, clean, closed container for disposal. Avoid inhalation.

Ventilate the area and wash the spill site after material has been collected.

6.4 Reference to other sections

See Section 8 for exposure controls and personal protection.

See Section 13 for waste disposal recommendations.

SECTION 7: HANDLING AND STORAGE

7.1 Precautions for safe handling

Wear appropriate protective clothing and gloves. Avoid inhalation. Avoid contact with eyes, skin, and clothing. Avoid generating vapors or mists. Use only in well-ventilated areas.

Keep away from heat, sources of ignition, and open flames.

Wash hands and face after handling.

No smoking.

7.2 Conditions for safe storage, including incompatibilities

Store in original, closed container.

Keep in a cool, dry, ventilated place.

Keep away from heat, sparks, and flames.

Storage area should be equipped with fire and spill protection equipment.

Incompatible with strong oxidizing agents.

7.3 Specific end uses

No specific instructions available.

SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

8.1 Control parameters

The product contains no substances with occupational exposure limits in Spain (INSST 2022).
Contains no substances with biological limit values.

8.2 Exposure controls

Technical controls:

Mechanical ventilation, safety shower, and eyewash required.

Personal protective equipment:

Protective mask if necessary.

Protective clothing.

Safety goggles.

Suitable gloves.

Environmental exposure controls:

No data available.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

9.1 Basic physical and chemical properties

- Appearance: Laminated viscous solid
- Color: Transparent
- Odor: Almost odorless
- Melting point: N.A./N.D.
- Boiling point: N.A./N.D.
- Flammability: N.A./N.D.
- Upper/lower explosive limits: >96.0 °C
- Flash point: N.A.
- Auto-ignition temperature: N.A.
- Decomposition temperature: N.A.
- pH: N.A./N.D.
- Viscosity: N.A./N.D.
- Solubility: Not soluble in water
- Partition coefficient n-octanol/water: N.A.
- Vapor pressure: N.D./N.A.
- Relative density: N.D./N.A.
- Vapor density: N.A.
- Particle characteristics: N.A./N.D.

N.A./N.D. = Not applicable / Not determined.

9.2 Other information

- Non-explosive
- Non-flammable
- Non-oxidizing
- Non-pyrophoric
- Non-corrosive

SECTION 10: STABILITY AND REACTIVITY

10.1 Reactivity

No reactivity known.

10.2 Chemical stability

Stable under normal conditions of temperature and pressure.

10.3 Possibility of hazardous reactions

No hazardous reactions known.

10.4 Conditions to avoid

No data.

10.5 Incompatible materials

No data.

10.6 Hazardous decomposition products

Carbon oxides.

SECTION 11: TOXICOLOGICAL INFORMATION

The product contains no ingredients classified under Regulation (EC) 1272/2008.

No known health effects from exposure to the product.

For all endpoints (acute toxicity, skin/eye irritation, sensitization, mutagenicity, carcinogenicity, reproductive toxicity, STOT single/repeated exposure, aspiration hazard):

Based on available data, criteria for classification are not met.

11.2 Other information

No other hazards are expected when used as recommended.

SECTION 12: ECOLOGICAL INFORMATION

No specific data for the preparation.

12.1 Toxicity

No component presents toxicity.

12.2 Persistence and degradability

Contains no persistent components. No available information.

12.3 Bioaccumulative potential

No components have bioaccumulation potential. No available information.

12.4 Mobility in soil

No available information.

12.5 PBT/vPvB assessment results

No components are considered PBT or vPvB.

12.6 Endocrine-disrupting properties

The mixture does not contain any components considered to have endocrine disrupting properties in accordance with Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1 % or higher.

12.7 Other adverse effects

No available information.

SECTION 13: DISPOSAL CONSIDERATIONS

13.1 Waste treatment methods

Dispose of according to official regulations.
Waste must be handled according to local requirements.

Packaging:

Dispose of according to official regulations.
Contaminated packaging should be treated as the product.
Uncontaminated packaging may be treated as household waste or recyclable material.

SECTION 14: TRANSPORT INFORMATION

Not dangerous for transport.

14.1 UN number

Not dangerous for transport.

14.2 UN proper shipping name

ADR / IMDG / ICAO/IATA: Not dangerous for transport.

14.3 Transport hazard classes

Not dangerous for transport.

14.4 Packing group

Not dangerous for transport.

14.5 Environmental hazards

Not dangerous for transport.

14.6 Special precautions for users

Not dangerous for transport.

14.7 Maritime transport in bulk (IMO instruments)

Not dangerous for transport.

SECTION 15: REGULATORY INFORMATION

15.1 Safety, health, and environmental regulations specific to the mixture

- Not affected by Regulation (EC) 1005/2009 (ozone-depleting substances).
- Not affected by Regulation (EC) 1907/2006
- Not affected by Regulation (EC) 1272/2008
- Not affected by Directive 2012/18/EU (SEVESO III).
- Not affected by Commission Regulation (EU) 2020/878
- Not affected by Regulation (EU) 649/2012 (import/export of hazardous chemicals).

The mixture does not contain ≥ 0.1 % of substances on the candidate list for authorisation of substances of very high concern (SVHC) under Regulation (EC) No 1907/2006 (REACH).

15.2 Chemical safety assessment

Not applicable.

SECTION 16: OTHER INFORMATION

Methods used for the classification according to Regulation (EC) No 1272/2008:

Not classified as hazardous by the manufacturer on the basis of the data available (exact formulation).

Relevant hazard statements (code and full text) of Sections 2 and 3: No relevant statements.

Training advice: No data available.

The safety data sheet has been revised according to Regulation (EU) 2020/878 (Section 1-16).

The composition and hazard classification of the mixture did not change compared to the previous version.

This Material Safety Data Sheet had been prepared on the basis of information provided by the manufacturer/supplier and conform to the relevant regulations.

The information, data and recommendations contained herein are provided in good faith, obtained from reliable sources and believed to be true and accurate as of the date issued; however, no representation is made as to the comprehensiveness of the information.

The MSDS shall be used only as a guide for handling the product; in the course of handling and using the product other considerations may arise or be required.

Users are cautioned to determine the appropriateness and applicability of the above information to their particular circumstances and purposes and assume all risk associated with the use of this product.

It is the responsibility of the user to fully comply with local, national and international regulations concerning the use of this product.
